MYSCHOOL PROMISE

The MySchool Insurance Program has been serving the childcare and private school sector for more than 30 years. CCV Insurance has deep expertise in this sector with over 400 clients and insure over thousands of locations across Canada. Our pillars of the value we deliver our clients are:

CLIENT SERVICE EXCELLENCE:

- Dedicated MySchool Team
- Rapid Response to your queries
- Seamless Service Support during office absences
- Risk Management Advisor to help you make informed decisions

CUSTOMIZED COVERAGES:

- Industry specific coverages for childcare and private schools
- Reviewed annually and enhanced as the industry evolves
- Input from members of OFIS, CCMA and ADCO
- Identification and implementation of best practices for risk management

CLIENT ADVOCACY:

- Industry specialists working with sector specific underwriters to help you protect your business
- On-staff Loss Prevention Specialist
- On-staff Claims Advocate
- Quarterly review of program claims to progress closing of claims, where possible

Insurance Market Survey

As one of Canada's largest education focused programs, you benefit from the negotiation power of a large group to help you manage your budget expectations. In addition, competitor analysis assists us to gauge market trends, conditions, and carrier appetites, along with continued coverage enhancement.

Rapid Issuance of Certificates of Insurance

We know Ministry visits can happen with little or no notice which is why Certificates of Insurance are emailed by the next business day and urgent requests prioritized by the MySchool Team. Renewal certificates are also issued in a timely fashion prior to scheduled renewal date.

Seamless Service Support

If your insurance advisor is away, emails are monitored and prioritized during absences, so you know your requests will be addressed on a timely basis.

Claims Advocacy

The MySchool team has experience with the types of claims that occur in the education sector. Allegations of Abuse, Bodily Injury, Wrongful Dismissal and Discrimination are just a few examples where our knowledge and familiarity help us to advocate on your behalf.

Contract Review

We provide a review of the insurance provisions of subcontractor agreements, building lease agreements, etc. at no additional cost to our clients.

Policy Documents

Electronically send policy documents after new policies, endorsements and renewals are reviewed for accuracy and sent to our clients in a timely manner.

Renewal Updates

To keep your business running as smoothly as possible, Renewal Updates are gathered 60–90 days before renewal date so we can understand how your business has changed and to begin negotiations with insurers in plenty of time, if required. Certificates and Automobile Liability Slips are updated for the new term and provided to our clients within 30 days before your renewal.
